

Woojum™

Quickstart

Upload Media Files: Movies

Author: Vicky Barrett

Version: 3.0

Release date: 1 September 2011

1 About Quickstart Guides

Our Quickstart Guides are intended to help you to get started with Woojum™. They are exactly what they are called, *Quickstart*, which means they do not explain the whys and wherefores, they simply set out the step-by-step way to achieve a particular objective.

All of our Quickstart Guides are written on the assumption that you are Logged In to your Woojum™ Account and your Toolbar is open.

The Toolbar

2 Upload Movie Files

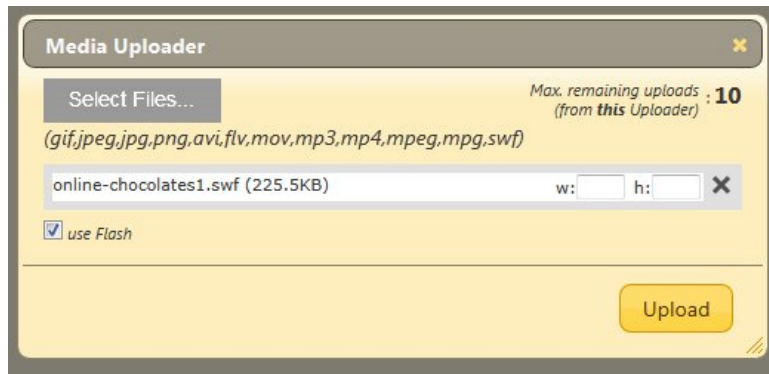

- Click the Media Button on your Toolbar

- Click the Media Upload Button

- In the Media Uploader box which opens now
 - Click the Select Files Button
 - Navigate to the Local Folder you want to upload movies from
 - Select a batch of up to 10 Files

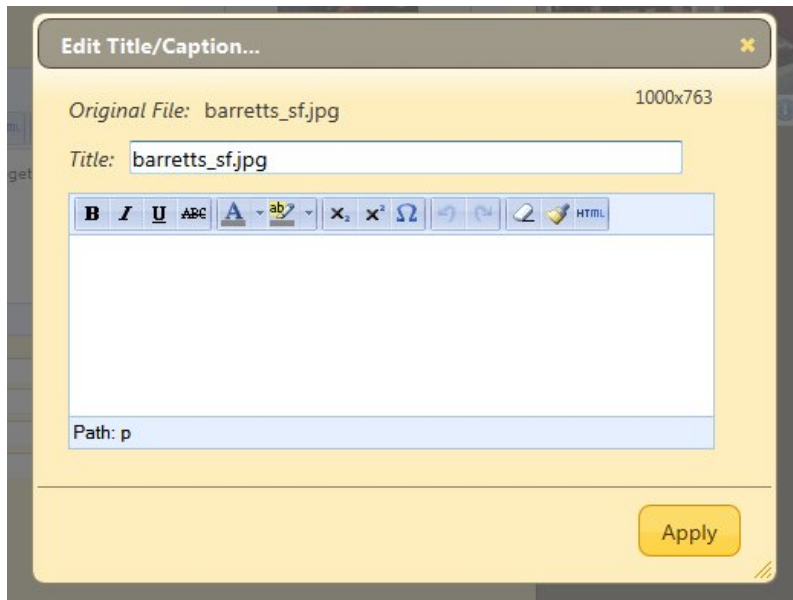

- Input the dimensions (width and height) your movie should be displayed at
- Click the Upload Button

When the screen tells you that Uploading has been completed, click the Gold X Icon to close it. Your Manage all Media Screen will now show Thumbnail size Icons of the files you uploaded.

If you want to add Titles and/or Captions for any of your Media Files now:

- Click the Yellow Pencil Icon next to any File Title to open the Title /Caption Editor Box

- Overtyping the File Name in the Title Field with the Title you want to give this Media File
- Typing in the text description you want to publish for this Media File
- Clicking the Apply Button to close this box and save your changes
